SOFT TOUCH

P3 NON-SLIP

EASY CLEAN

Softec™ is a new generation of tile surface technology, created by Show Tile and available exclusively at Show Tile. Combining the soft baby skin like feeling, 3D texture, P3 slip resistance when wet and easy to clean performance. Softec™ brings beauty and practicality together in one innovative surface.

Designed for modern residential and commercial spaces, Softec™ offers the natural aesthetics of stone with the performance needed for everyday living, including bathrooms, wet areas and contemporary interiors.
